Re: Response to Second Review Letter 6/16/04 on NOI for Lakeview Beck Street
Quarry M/035/020

Dear Mr. Hedberg:

In reviewing the comments regarding the slope stability study we have decided that it would be best to have this completed now so that our plan can reflect the current study. We have been in contact with Doug Jensen and informed him, but we would also like to request a time extension for our response. We have not received an answer from IGES as to how long it will take. As soon as we can get a firm commitment we will request the appropriate extension.

We have had JBR working on the vegetation items, but request that we submit that information with the other material.

Again, thank you for your and your staff's efforts in assisting Lakeview with this permitting process.

Sincerely,

Lakeview Rock Products, Inc.

Russell A. Larsen
Vice President
